Adopted by the Board of Directors
August 2009

Updated March 2022

Summer Winds Condominiums, Inc
Summers Services, Inc.
1505 Salter Path Road
Atlantic Beach, NC 28512

These rules and regulations are designed to make visiting Summer Winds a pleasant and comfortable experience. While vacationing within a private community such as Summer Winds, each of us not only has certain rights, but also, certain obligations to other guests. We must remember that the restrictions we impose are for everyone's mutual benefit and comfort. The following rules do not supersede the Condominium Documents or any other legal obligation of the owners of Summer Winds.

It would be appreciated if any notice of violations would be directed to Summer Winds Executive Director and not to the Board of Directors or Officers of Summer Winds. If the Executive Director is unable to correct the violation, it may then be brought to the attention of the Board of Directors for assistance in making the necessary corrections.

These rules and regulations are kept simple and it is hoped they will suffice for comfortable and compatible vacationing. If found necessary, they may be changed from time to time.

Thank you for visiting Summer Winds.

Overview

Under Article 10 (Regulations Pertaining to the Use of Common Areas) of the Summer Winds Declaration of Unit Ownership and Bylaws, the Board of Directors is empowered to adopt rules and regulations for the use of the common areas.

Further, Article 21-B (Use and Occupancy: Prohibited Acts) states: "The condominium unit owners shall not permit or suffer anything to be done or kept in any unit which will increase the rate of insurance, or which will obstruct or interfere with the rights of other unit owners, or annoy other unit owners by unreasonable noises or otherwise. Further, the unit owners shall not commit or permit any nuisance, or any immoral or illegal act in or about the property."

One of the main purposes for defining the categories of Owners, Guests and Visitors is to distinguish between those who may use the common areas unattended (Owners and Guests), and Visitors, who must be *accompanied* in the common areas by an Owner or Guest. All owners, guests and visitors must observe the rules and regulations of Summer Winds. Owners and guests are responsible for the actions of their visitors.

Owner

For the purpose of this policy statement, an owner is someone who holds legal title to, or an interest in, a Summer Winds condominium unit.

Guest/Registered Guest

A guest is one who occupies and controls a unit and is responsible for the activities therein. This occupancy, control, and responsibility is granted either through a rental contract, or is freely given by the unit owner, to the guest. Guests also include other members of a party of people who occupy a unit under the same lease agreement (or private agreement with an owner), e.g. - if a man signs a rental agreement which includes himself, his wife, and three kids, the other family members are also considered guests.

If a rental contract exists, a guest is registered with the rental agency, which in turn notifies Summer Winds Security. If the guest is not via a rental agency, then a guest becomes registered by way of the owner notifying the Summer Winds Office or Security, either verbally or in writing, that one or more persons will be occupying the owner's unit as a guest.

As used in this policy, the terms "guest" and "registered guest" shall have the same meaning. Members of an owner's immediate family will generally be considered as guests.

Visitor

A visitor is one who temporarily stays with a registered guest or owner, and who does not assume control of, or responsibility for the unit. The stay may be for a few minutes, or a few hours. A visitor may not "holdover" in the unit if the registered guest or owner has departed from the unit. During the stay, when in the common area or using common area facilities, visitors must at all times be accompanied by the owner or registered guest of the unit which they are visiting.

Example: If a visitor is using a pool, the owner or guest would not have to be in the water, but must be in the proximity of the visitor.

Owners and guests must provide the name of each visitor to Security prior to their (visitors') arrival. If visitors arrive unexpectedly Security will call the unit to seek permission to allow access. Entry will **be denied** unless *the* Owner or **Registered** Guest grants permission for the **visitors to enter.** The number of visitors who are not staying the night may not exceed the number that the owner or guest can properly supervise, i.e. - they are not disturbing others' quiet enjoyment of the property, or generating complaints from owners, guests, or Security. Visitors who are not spending the night must exit Summer Winds by 1:00 a.m., **unless their host has previously notified Security.**

Wristbands

Visitors, Renters, Guests, and Homeowners are required to wear wristbands from Easter through Labor Day while enjoying Summer Wind's facilities. (Children under 10 years old accompanied by an adult family member are not required to wear wrist bands). RENTERS shall receive a packet of eight (8) wrists bands from Security upon arrival. The bands will be a different color each week and must be worn at all times by guests and their visitors over the age of ten (10). If more bands are needed, inform security when advising them of their guest or visitors arrival date and time. Bands shall be returned to security upon departure. Failure to return the wrists bands by renters to security will result in a call, by management to their rental agency to hold their security deposit until wrist bands are returned. The wrist band packets for RENTERS will be made up by security each week based on information received from the rental companies.

Occupants

Total overnight occupants of a **rental** unit are not to be greater than the sleeping accommodations of that unit:

Bedrooms	No Sleeper Sofa	Sleeper Sofa
2	4	6
3	6	8
4	8	10

Vehicles

Unless Security has been notified, not more than a total of *three* vehicles per unit, whether owned/operated by guests or visitors, will be permitted in the parking areas at any one time during the period from April 15th through September 15th. During said period, vehicles in excess of three are subject to being towed at the vehicle owner's expense.

Owners are required to have a decal in a readily visible area of their vehicles. Decals may be purchased for the members of the owner's immediate family. Decals are valid until the condo unit, or the decal-bearing vehicle is sold; otherwise, there is no expiration date on decals, except that Summer Winds may from time to time issue new decals and declare all previous issues to be invalid.

Guest and visitors are required to have a mirror-hanging car pass. These are distributed by the rental agency or Summer Winds Security, and must bear an expiration date, not to exceed 30 days from the date of issue. However, these passes may be renewed.

Electric Vehicles

There is no electrical vehicle charging on the property. All electrical vehicles need to be charged at a charging station. There is one located in Emerald Isle.
